

# Joint Pain Freedom

---

A way to offer a joint pain pathway for your patients, without holding stock or adding workload

A simple way to offer clinically appropriate braces, supports, cold therapy and more to patients, without storage, fulfilment or admin.

The scheme provides a straightforward way for patients to access clinically trusted options without the need to hold stock or manage orders.

- Patients order directly
- Stock & delivery are handled by us, for you
- Patients receive a reduced price through your clinic
- Clinic orders tracked and credited to your Eos account

Eos Active

If you're part of the community and have a centre of excellence page, offering braces, we recommend adding this badge to your website with the wording below, or a similar style that fits your site.

Our clinic is recognised as a Joint Pain Freedom Centre of Excellence, providing excellence in care and access to trusted information and clinically proven treatment options.
